The advantages of Lipolyt® 2000 for pipe cleaning

- » Lipolyt® 2000 has been developed for all pipe materials.
- » Lipolyt® 2000 prevents incrustations or decomposes existing incrustations.
- » therefore the danger of blockages is reduced considerably.
- » therefore the pipe ventilation is improved, which reduces possible odour problems.
- » Lipolyt® 2000 reduces drastically the danger of corrosion due to biogenic sulphuric acid, which is caused by organic materials
- » Lipolyt® 2000 is the alternative to expensive pipe cleaning which might damage the pipe materials
